Portfolio page: https://webdev.jocelyn-tan.com

I am passionate about working with the visual side of web development and aim to specialise in UI/UX design and Front-End development.

I have also just graduated from a full stack course because I wanted to find out what happens at the back end, and thus have a holistic view of the web creation process from conceptualization to implementation.

SKILLS

Design	Languages	CSS Frameworks	JS Frameworks/ Libraries
• Adobe Photoshop	• HTML5, CSS3	• Bootstrap	• ReactJS
• Adobe Illustrator	• Javascript	• MaterializeCSS	• JQuery, eCharts, ChartJS
